

THE
GRANGE
of
PRINCE
EDWARD

Winemaking Notes:

Destemmed and gently pressed into settling tank. The juice and the clean "fluffy" lees were barrel fermented in new French oak puncheons and 2nd fill French oak barriques (55% new, 45% 2nd fill). Weekly bâtonnage from December through February.

Vintage Notes:

The harvest in Prince Edward County was characterized by dry, warm weather in September and October, which accelerated sugar accumulation and allowed for full ripening. The sunny, bright days were ideal for the development of high-quality fruit

Vineyards - Grange Estate: Diana Block

Harvest Date: October 1, 2024

Release Date: November 1, 2025

Made with estate grapes from our Diana block, a complex, pretty nose of Amarena cherry and bright strawberry, savoury fresh beet and earthy tea leaves makes this Pinot irresistible. Even more alluring is the texture of this exceptional wine with its ethereal light, silky palate and chalky, integrated tannins. This is a gorgeously lifted and well balanced wine.

Our Estate Vineyard is situated across 100+ acres of diverse natural lands. The 5 vineyard blocks cover an area that is varied in soils, ecology, and even weather - offering a unique terroir which influences our wines' range of character and complexity. Our Estate Series wines are crafted from our grapes picked from multiple blocks across the property.
